

Agenda 47| Ending Biden's War on the Suburbs That Pushes the American Dream Further From Reach (3/30/23)

"The woke left is waging full scale war on the suburbs, and their Marxist crusade is coming for your neighborhood, your tax dollars, your public safety, and your home."

- President Trump promises to save America's suburbs and to help the men and women in our nation achieve the American dream of homeownership.
- President Trump will immediately repeal Biden's radical regulatory [push](#) to end the suburban way of life.
- This agenda builds upon President Trump's [actions](#) during his administration to protect our suburbs by [repealing](#) the Obama-Biden administration's AFFH rule which ends local control of zoning. (AFFH-Affirmatively Furthering Fair Housing)
- President Trump also promises to launch a special initiative to lower the cost for building a single-family home.
- President Trump will make it easier and cheaper for Americans to buy a new car by repealing Obama-Biden-era fuel standards with the SAFE Vehicles Rule which is [projected](#) to lower the price of new vehicles by \$2,200.

Joe Biden's war on the suburbs will be over and it'll never happen again. This whole mess will end as we pray for our country and elect Donald Trump.

Scan to watch President Trump deliver short video messages identifying the problem and revealing his solutions.
